

Urban Harvest  
Gardening for good.

## Complimentary Classes for Community Gardeners

The goal of this program is to encourage active community gardeners to take classes in hopes that they will then share information and techniques with their fellow community gardener members during garden work days.

### Requirements:

- Individual classes are the only classes available for free to community gardeners. GOV and the Permaculture Certification Series are not available.
- Must be part of an affiliate garden with up to date membership.
- Unfortunately, walk-ins cannot be accepted since we have no way of verifying membership status.
- Gardeners must have their coordinator register them to confirm activity in the garden.
- Gardeners can only be registered for three classes at any given time.
- Registration will go through the Urban Harvest Community Gardens Coordinator who will verify membership status and submit your registration.

**Contact:** Dawn Newcomer, the Urban Harvest Community Gardens Coordinator  
dawn@urbanharvest.org Phone: 713-880-5540, ext. 1018

- We can only accept two people from any garden for any class.
- Registration is on a “first come first serve” basis.
- Some classes have a limit on number of attendees due to the capacity of the classroom or site. Unfortunately we have to limit the number of free spots available to gardens.
- Please contact us if you are unable to attend a class so that your spot can be made available to another gardener.

*Example: If two community gardens register two attendees that would fill the number of community garden “free spots.”*
